New Delhi, 15 August (PTI): Indian industry

reliance will determine how high the flag of the country's independence is waving. He welcomed the announcement of the National Digital Health Mission by Prime Minister Narendra Modi in his Independence Day speech. Gautam Adani, president of the Adani Group, tweeted, "Every Independence Day is a tribute to the millions of martyrs who helped us gain independence and we were born and raised in a free and opportunity-filled country." From now on, our self-sufficiency will determine

New Delhi, 15 August (PTI): Indian industry personalities said on Saturday that India's self-reliance will determine how high the flag of the country's independence is waving. He welcomed the announcement of the National Digital Health Mission by Prime Minister Narendra Modi in his Independence Day speech. Gautam Adani, president of the Adani Group, tweeted, "Every Independence Day is a tribute to the millions of martyrs who helped us gain independence and we were born and raised in a free and opportunity-filled country." From now on, our self-reliance will determine how strongly the flag of independence is hoisted at high altitude, Congratulations on Independence Day. "Expressing similar views, FICCI President Sangeeta Reddy said, "The Prime Minister has made a self-reliant India. 'S message and importance were expressed in very clear words and showed that a strong and self-reliant India can also make a huge contribution to the world. "He further said," We live in a world where everyone depends on each other. And in such a way India's contribution to global good should increase. It can only happen when we are strong from within. "Welcoming the National Digital Health Mission, Biocon CMD Kiran Mazumdar Shaw said that it will give a digital backbone to India's healthcare sector and to India's healthcare sector. Is important for Sudarshan Ballal, president of Manipal Hospitals, said, "Modern innovation and the use of digital technology will have a huge impact on the healthcare industry." Digital healthcare, AI and medical apps can truly be considered to bring about a paradigm shift in the country's health services. "Charu Sehgal, partner and healthcare giant Deloitte India, said that this mission is India's health system Will play an extremely important role in taking it to the next level. Modi said in his speech, "Every Indian will be given a health ID. This health ID will serve as the health account of every Indian. "He informed that every disease, test and diagnosis, medical report of each patient will be stored in this health ID. Apollo Hospitals Group Chairman Pratap C. Reddy said that overcoming the Corona virus epidemic and non-communicable diseases should be the goal of all of us on this Independence Day. He said that many Indian companies have made significant progress in making the corona virus vaccine and hoped that the vaccine would be in India within a year. ASSOCHAM Secretary General Deepak Sood said, "The Prime Minister's message made the country realize that the government is preparing a comprehensive roadmap for mass production of the corona virus vaccine." Every Indian's good health is a national priority and the country will benefit from it, "said Satyendra Johri, founder and president of Johri Digital Healthcare Limited, that the National Digital Health Mission will digitize a person's medical records, which is effectively called 'tele-consultancy'. Will get a boost and get easy cash transfer benefits under Ayushman Bharat scheme.
